

FACTORY DIRECT / HENAN, CHINA

QianMu Doors Export Collection 2026

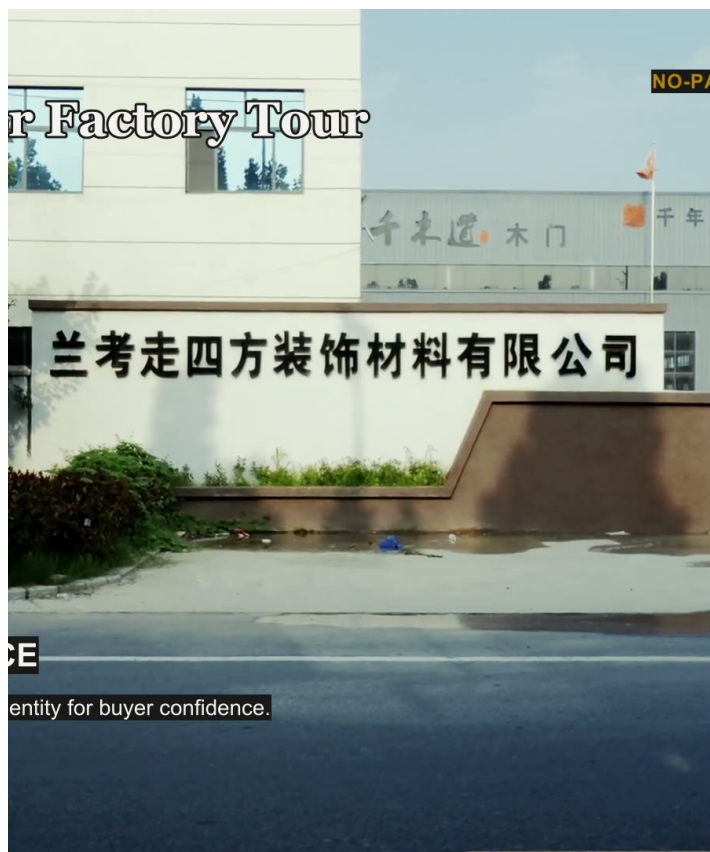

GCC & Southeast Asia Edition

Saudi Arabia / UAE / Indonesia / Vietnam

PRE-FINISHED INTERIOR DOORS / OEM PROGRAMS

Family-run in Lankao. Export-ready by route.

Practical manufacturing base

QianMu is a family-run door factory in Lankao, Henan. The local area is a furniture and wood-products industrial cluster supporting coordinated production and supply.

Connected logistics

The factory is approximately 2-3h to Zhengzhou logistics hub, with rail and sea export routes selected according to destination and shipment plan.

Factory details are presented conservatively; final order scope is confirmed through samples, drawings, and signed specifications.

One export collection. Three coordinated lines.

LINE A / CORE RANGE

Pre-finished Interior Doors

The main sixteen-SKU range, organized across Essential, Signature, and Premium tiers.

- Factory-finished decorative surfaces
- Sample-led specifications
- Residential and hospitality applications

LINE B / OEM PROGRAM

Lacquer Doors

Color and panel directions produced under QianMu OEM program.

- Sample and drawing approval
- Coordinated frame and hardware details
- Export packing options

LINE C / EXTENDED

Aluminum- Magnesium Glass Doors

Extended line - specifications on request.

- No unverified product imagery
- Profile and glass selection by inquiry
- Project-specific coordination

Essential. Signature. Premium.

ESSENTIAL

Efficient programs

Light and neutral directions for apartments, developer packages, and repeat-room supply.

SIGNATURE

Recognizable character

Oak and walnut directions, line details, and arched forms for upgraded residential and hospitality use.

PREMIUM

Design-led selection

Stronger forms, deeper tones, and elevated visual presence for villas, hotels, and feature interiors.

All tier descriptions are visual and commercial positioning. Exact core, surface, frame, hardware, and packing are confirmed by approved sample and order specification.

Saudi Arabia & UAE

GCC

Premium and Signature selections lead for villas, hotels, hospitality fit-out, and project interiors. Deep walnut, arched profiles, grooved directions, and controlled contrast create a stronger architectural presence.

Dry-climate stability planning

Engineered construction, finish selection, and installation details are coordinated for stable interior use in dry climates.

Project flexibility

Custom heights available; dimensions, frames, hardware preparation, and room schedules are confirmed before production.

RECOMMENDED SELECTION

SKU	MODEL	TIER	RECOMMENDED USE
QM-PF-201	Royal Walnut Panel	Signature	Premium apartments, Boutique hotels
QM-PF-202	Walnut Arched Panel	Signature	Villa interiors, Display rooms
QM-PF-205	Gold Walnut Panel	Signature	Premium apartments, Villa rooms

Full price list available on request - quotations include freight (FOB/CIF).

Indonesia & Vietnam

SEA

Essential and Signature selections prioritize light oak, warm white, soft grey, and neutral palettes for apartments, developer packages, hotel rooms, and repeat residential programs.

Moisture planning

Engineered core construction with moisture-resistant treatment, coordinated edge details, protected transport, dry storage, and site practices are confirmed by project specification.

Loading efficiency

Model mix, frame configuration, and packing format are planned together for efficient container loading.

Clear terms before production.

Can dimensions be customized?

Yes. Opening, leaf, frame, wall thickness, handing, and hardware preparation are confirmed by drawing or order sheet.

Are custom heights available?

Yes. Custom heights available, subject to model, construction, transport, and project review.

How are minimum order terms handled?

They are reviewed against model mix, finish, frame, packing, and shipment plan without a fixed quantity promise in this catalog.

Are samples available?

Sample type, finish, preparation, courier method, and commercial terms are confirmed during inquiry.

Is OEM/ODM accepted?

Yes. Models, colors, details, labels, cartons, and project documents can be reviewed for OEM/ODM supply.

How is moisture exposure addressed?

Core treatment, edge details, frame, storage, transport, and site practices are confirmed in the project specification.

How do I request a quotation?

Full price list available on request - quotations include freight (FOB/CIF). Send models, dimensions, finish, quantity, frame, hardware, packing, and destination.

Send your project requirement.

Share target market, project type, model selection, dimensions, finish direction, quantity, frame, hardware, packing, and delivery plan.
